Proposed changes to Nunn Street accessible (disabled) parking

The Council's CBD Parking Working Group is reviewing our parking bays to ensure they are compliant with the revised Australian Standards for the *Disability Discrimination Act 1992*.

The four parking bays on Nunn Street, Benalla, require changes to conform to these standards which consider position, size and access to paths. It is proposed that the four non-compliant bays will be converted to two bays with

enough circulation space for wheelchairs and walkers. The proposed parking bays will be centrally located between Bridge Street and Church Street.

We are seeking your input on the proposed changes to the accessible parking spaces on Nunn Street. We welcome all feedback, so please ensure you share this with those you feel may be impacted by the change.

You can have your say on the proposed changes to the accessible parking bays in Nunn Street by contacting the Customer Service Centre on 03 5760 2600, by emailing council@benalla.vic.gov.au or by filling out the feedback form at www.benalla.vic.gov.au.

Footpath Widening

The eastern side of the footpath on Coster Street, from Bridge Street to Samaria Road, is being upgraded and widened as part of the Pathways to the Future program. Works are scheduled for April and will see the footpath widened to 1.5 metres to enable scooter and wheelchair traffic easier access to Benalla Health and the town centre.

Call if you see a hazard

It's the time of year when trees are starting to drop their leaves and we see an increased number of tree branches down.

If you have a lot of leaves on your kerb and you rake them into a pile, we will collect them for you.

If you see a fallen tree on a road, we will arrange to have it removed.

You can call the Council's Customer Service Centre on 03 5670 2600 24 hours a day, 7 days per week to report either of these hazards.
