COMMUNITY INFRASTRUCTURE GRANTS

BACKGROUND

The Australian Government, through the Local Roads and Community Infrastructure (LRCI) Program, has provided funding to Benalla Rural City Council to deliver a wide range of projects within the municipality.

Of this funding, \$300,000 is being allocated as a community fund, meaning eligible community groups can apply to Council for up to \$50,000 to deliver community infrastructure projects.

This funding opportunity is targeted at rural communities based outside of the Benalla township.

PROGRAM OBJECTIVES

The purpose of the LRCI Program is to support local councils to deliver priority local road and community infrastructure projects across Australia, supporting jobs and the resilience of local economies to help communities bounce back from the COVID-19 pandemic.

Examples of eligible projects include facility upgrades, such as:

- bicycle and walking paths
- painting or improvements to community facilities
- repairing and replacing fencing
- improved accessibility of community facilities and areas
- landscaping improvements, such as tree planting and beautification of roundabouts
- picnic shelters or barbeque facilities at community parks
- community/public art associated with an eligible project (eligible funding recipients will need to provide a clear description of the conceptual basis of the artwork)

- Community Support for the project (10%)
- Is the budget realistic? (15%)
- Ability to deliver the project (15%)

As part of their submission, applicants will be required to provide details including:
