## Chief Executive Officer Introduction

*'Ask yourself if what you're doing today is getting you closer to where you want to be tomorrow' Paulo Coelho*

Our primary goal is to always deliver a fiscally responsible budget based on robust planning and analysis. Its development is a team effort that proposes a range of initiatives to the Councillors for their consideration and approval. Part of the budget process is to ask the question, is what we're doing today getting us closer to where we want to be tomorrow.

As outlined in the *Council Plan*, our Vision is to provide a sustainable, thriving, and cohesive community where lifestyle, culture, health, and wellbeing are supported by strong leadership and community partnership. Each decision we make should allow us to take a step closer to where we want to be tomorrow. Careful consideration of the annual budget is vital in our efforts to take those steps forward.

Total revenue for 2024/25 is budgeted to increase to \$38.956m compared to a forecast for the current year of \$36.145m. At \$38.772m, we have reduced our total expenditure from 2023/24 by \$2.582m. Over the past two years we have funded emergency works for several natural disasters that have impacted our community. This has resulted in a reduction of cash and an increase in expenditure. These events remain difficult to forecast and budget. Major events such as this also impact our ability to take steps forward in where we want to be tomorrow.

We have forecast a surplus of \$184,000 for the 2024-2025 financial year. The average rate cap for 2024-2025 has been set by the Victorian Government at 2.75 per cent and we have complied with this requirement. While our cash position over the term of the *Budget* declines, it remains at levels that will allow us to meet our future commitments and continue to address legacy issues.

Some of the key initiatives in the 2024/25 *Budget*:

- Commence construction of the Benalla Art Gallery redevelopment.
- Progress the Benalla Indoor Recreation Centre Redevelopment Project.
- Progress Rail Precinct Masterplan.
- Develop an Open Space Strategy.
- Develop a Masterplan for Churchill Recreation Reserve.
- Develop a Masterplan for the Barkley Street Precinct.
- Implement new information technology systems.

Council has allocated \$31.670m to the Capital Works program over the life of the *Budget*. Of this allocation \$27.689m has been earmarked for asset renewal and upgrade work. This level of funding for asset renewal and upgrades will deliver an average rate of 81 per cent towards the asset renewal gap. Prudent management of our asset management systems will allow us to reach our goal of 100 per cent renewal gap in the coming years.

The following is an overview of the major capital projects that will be delivered over the term of the *Budget*:

- \$9.846m will be spent on the road network.
- \$3.151m has been allocated to drainage projects.
- \$0.697m to connectivity and shared pathways.
- \$1.050m to the rural bridge network.
- \$5.863m for landfill rehabilitation and new cell construction.

I congratulate the staff involved in the preparation of the *Budget* and the Councillors for their guidance and support. I would also like to thank the Australian and Victorian Governments for their continued financial support.

I commend the *Benalla Rural City Council Proposed Budget 2024/2025* to the community.

**Dom Testoni**  
**Chief Executive Officer**

## Executive Summary

### Financial Snapshot

- Total revenue: \$38.956 million
- Total expenditure: \$38.772 million
- Total comprehensive result: \$184,000 surplus
- Adjusted operating result: \$3.403 deficit\*

\* Adjusted operating result reflects the true operating result by excluding non-recurrent capital grants, monetary contributions and non-monetary contributions.

For more information, refer to Sections 3.1: Comprehensive Income Statement.

### 1. Rates and Charges

Total revenue from rates and charges is projected to be \$23.041 million, this includes Cultural and Recreational properties and solar farms. The average rate increase of 2.75 per cent in-line with the Victorian Government's Rate Capping system.

Waste management to be charged to ratepayers as a full cost recovery service. Charges increase by 5 per cent and will raise \$4.354 million in 2024/25.

### 2. Financial Position

The financial position is expected to improve with net assets (net worth) to increase by \$184,000 during 2024/25.

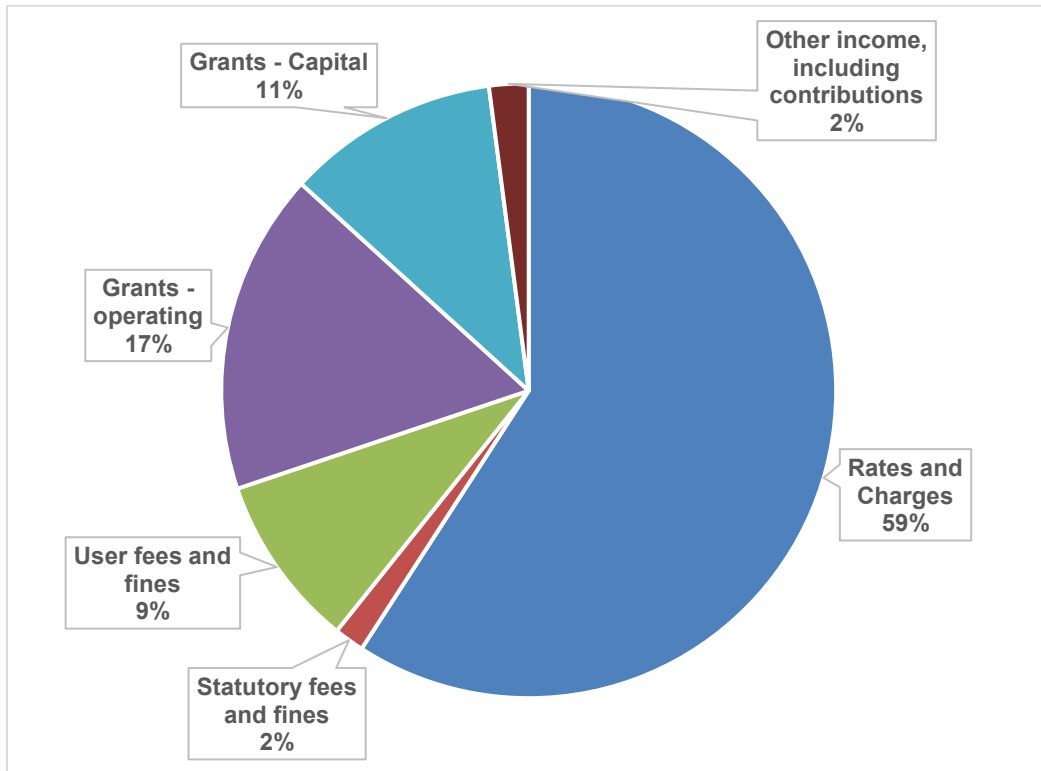

Working capital is an indicator of Council's ability to meet its financial obligations as and when they fall due (being current assets less current liabilities).

There will be a decrease in working capital in 2024/25 due to the reduction in net current assets of \$1.543 million as at 30 June 2025 as cash is used to complete capital works carried forward into the 2024/25 financial year.

### 3. Operating Result

The expected operating result for the 2024/25 year is a surplus of \$184,000.

**Operating income: \$38,956,000:**

**Operating expenses: \$38,772,000:**

## 4. Financial Sustainability

The budget has been prepared for the four-year period ending 30 June 2028. In turn, the budget is set within the Financial Plan to assist Council to adopt a budget within a longer-term financial framework.

The key objective of the Financial Plan is financial sustainability, while still achieving the Council's strategic objectives.

A key measure for assessing financial sustainability is the adjusted underlying result. This measures whether a council can generate sufficient adjusted revenue to meet total expenses. It is measured by comparing the adjusted underlying result to adjusted underlying revenue, expressed as a percentage.

An adjusted underlying surplus indicates that a council can generate sufficient revenue to meet its expenses.

The adjusted underlying result across the four years is budgeted to be deficits of \$3.403 million in 2024/25 and then improving slightly to \$2.066 million in 2025/26, \$2.443 million in 2026/27 and \$2.742 million in 2027/28.

Underlying deficits reflect the ongoing challenge faced by many small rural and regional councils in ensuring their long-term financial sustainability.

As a council we have wide-ranging responsibilities under more than 120 pieces of Victorian legislation, including land use planning and building control, public health services, domestic animal control and environmental protection legislation. We are also responsible for maintaining community infrastructure.

Councils across Australia manage around 77 per cent of the road network but only collect around 3.5 per cent of the total tax revenue raised by governments in Australia. This is unsustainable in the long-term.

As an average across the sector, local government revenue comes from three main sources: rates, which makes up about 38 per cent of total revenue, user charges/sales of goods and services 28 per cent and grants from federal and state/territory governments 14 per cent. For some rural and remote councils, where own-source revenue-raising capacity is limited, grants can account for more than 50 per cent of revenue.

Our capacity to raise revenue is important to our financial sustainability and our ability to improve the wellbeing of our local community. Unfortunately, across Australia, many local government authorities have insufficient revenue-raising capacity to maintain or upgrade the significant infrastructure holdings and to provide the level of services that our community desires.

Councils will continue to face challenges with rate capping, the escalation of costs of materials and services, the stagnation of grant funding and the changing nature of government funding programs.

This puts at risk the financial sustainability of local government and its ability to balance growing community need and expectation for new and improved infrastructure and services. Add to this the impact of weather-related events that continue to impact on our finances and asset renewal program - it makes the goal of financial sustainability a difficult challenge.

Financial Assistance Grants (FAGs) is a grant program provided to local government from the Australian Government. Financial Assistance Grants are particularly valuable for local government, as the funding is untied, meaning it can be spent where it is most needed. This can include delivering new programs that meet community needs, as well as maintaining local pools, libraries, sporting grounds and roads.

Unfortunately, FAGs funding was equal to around 1 per cent of Commonwealth taxation revenue in 1996. This has declined by around 43 per cent in relative terms over the past 20 years, and in recent years, amounted to approximately 0.55 per cent of Commonwealth tax revenue. This is despite population growth, increased responsibilities, inflation, along with an increase in natural disasters.

To address our underlying deficit position, we will continue to advocate on behalf of its community for increased funding from other levels of government. We will also closely monitor costs across the organisation while exploring increasing revenue from other sources, including residential development and the attraction of business and industry to expand and vary Benalla Rural City's rates base.

## 5. Services

Council has allocated \$30.227 million in direct service delivery to Benalla Rural City community.

These services are summarised in Section 2 of the proposed *2024/25 Budget* together with Council's major initiatives, actions, and measures of success.

The graph below shows how much is allocated to each broad service area for every \$100 that Council spends:

## 6. Borrowings

No new borrowings are budgeted for 2024/25. Borrowings decrease from a forecast \$2.215 million at 30 June 2024 to a projected \$641,000 at 30 June 2028.

## 7. Cash

At the end of the financial year, the Council's cash position is budgeted and forecast to be:

- 2024/25: \$15.883 million
- 2025/26: \$16.171 million
- 2026/27: \$15.705 million
- 2027/28: \$12.539 million.

For more information, refer to the Statement of Cash Flows in Section 3 Financial Statements in the proposed *2024/25 Budget*.

## 8. Capital Works

Capital works total \$11.016 million in 2024/25. Key areas of expenditure include:

- Buildings \$3.162 million
- Roads \$2.186 million
- Waste management \$1.350 million
- Plant, machinery and equipment \$1.160 million
- Drainage \$972,000.

Capital works are funded by Council cash \$6.659 million and grants \$4.357 million.

### Asset expenditure type:

For more information, refer to the Statement of Capital Works in Section 3 Financial Statements and Section 4.5 Capital Works Program Statements in the *2024/25 Budget*.

### 1. Rate Cap

Base rate revenue will increase by 2.75 per cent for 2024/25, based on the state government cap, with estimated future annual in line with CPI. Waste charges are proposed to increase by 5 per cent in 2024/25 to defray the total costs of waste management incurred. From 2026 proposed rises decrease to 2.50 per cent in line with forecast Rates and Charges increase.

### 2. Population Growth

Growth for 2024/25 is expected to increase to 1 per cent and this rate is assumed for future years.

### 3. Investment Interest Rate

The investment rate for 2024/25 is expected to decrease to 4.25 per cent and then 4 per cent in future years.

#### **4. Borrowing Interest Rate**

There will be no new borrowings in 2024/25.

#### **5. CPI**

The latest budget update from Department Treasury and Finance expects the 2024/25 year to forecast 2.75 per cent increase, decreasing to 2.50 per cent.

#### **6. User Fees**

Details of user fees for the 2024/25 budget year can be found in Council's schedule of Fees and Charges that is adopted in conjunction with the budget.

Revenue increases for ensuing years are based in line with the State Government rate cap.

#### **7. Grants – Recurrent**

Council currently receives grants for tied (specific purpose grants) and un-tied Financial Assistance grant funding received via the Victorian Local Government Grants.

Operating grants are expected to increase on an annual basis by between 2.50 per cent and 2.75 per cent.

#### **8. Employee Costs**

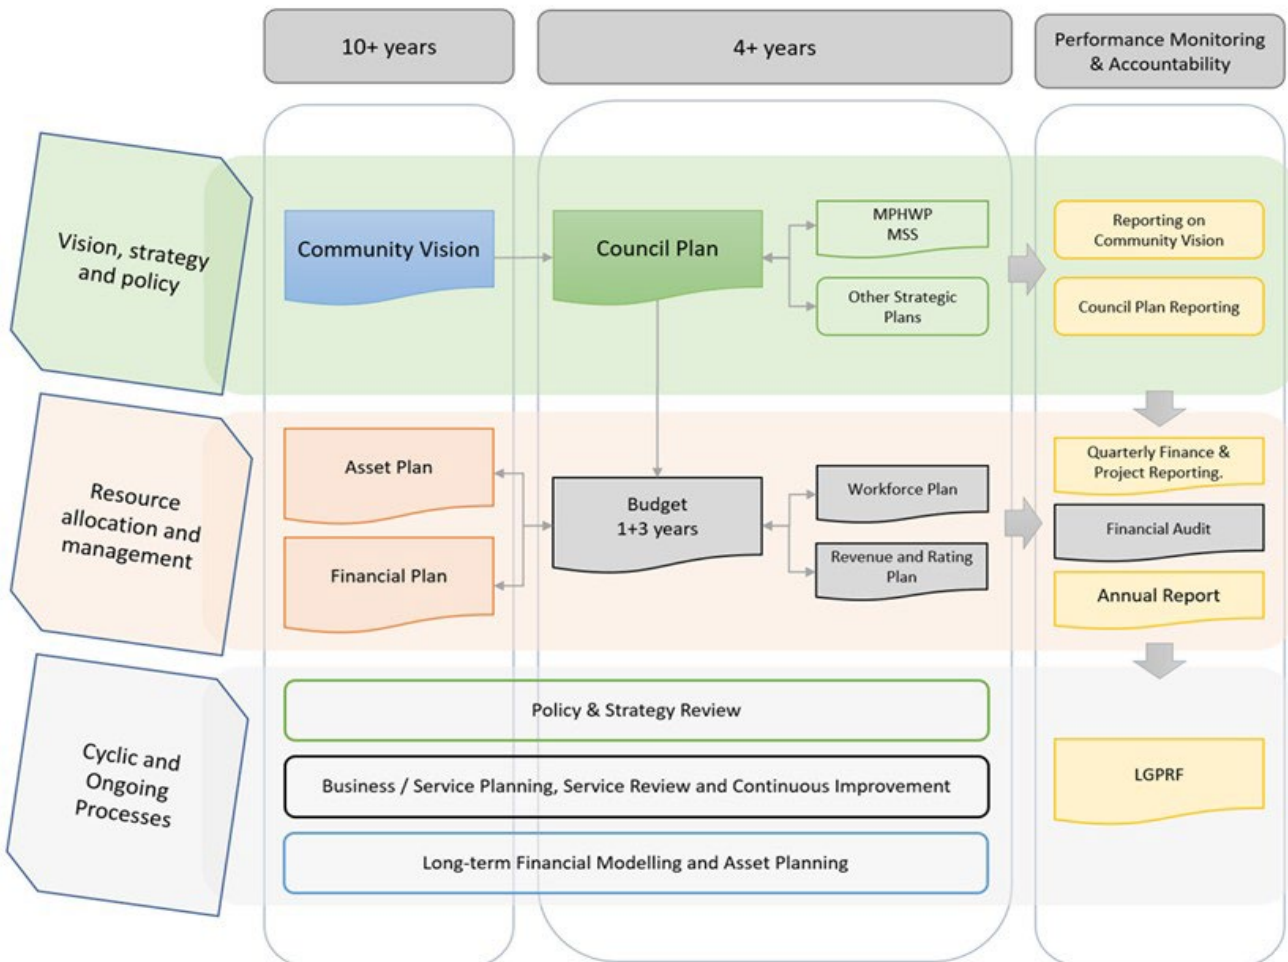

The 2024/25 year includes a 3 per cent increase for employee costs that mainly reflects the salary increase for all staff pursuant to the Enterprise Agreement and other costs such as end of band payments.

# 1. Link to the Integrated Planning and Reporting Framework

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

## 1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Jobs, Precincts and Regions

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

## 1.1.2 Key planning considerations

### Service level planning

Although councils have a legal obligation to provide some services - such as animal management, local roads, food safety and statutory planning - most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities.

Further, over time, the needs and expectations of communities can change. Therefore, councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

Community consultation needs to be in line with a councils adopted Community Engagement Policy and Public Transparency Policy.

## 1.2 Our purpose

### Our Vision

To provide a sustainable, thriving and cohesive community where lifestyle, culture, health and wellbeing are supported by strong leadership and community partnership.

### Our Mission

Through leadership and quality service we will meet our community's needs and aspirations with a focus on thoughtfully planned growth to maintain and enhance the high productivity of our collective community.

### Our Values

We will:

- Construct plans and govern the community of Benalla Rural City with unwavering **ACCOUNTABILITY**.
- Strive for **CONTINUOUS IMPROVEMENT**.
- Make judgments based on sound research and participate in decision making that meets the needs of the whole community in solid **EQUITY**.
- Act with transparency, truthfulness and **INTEGRITY**.
- Provide clear, innovative and strong **LEADERSHIP**.
- Serve our community, environment and council with **RESPECT**.

### 1.3 Strategic objectives

Council delivers various initiatives and service categories. Each contributes to the achievement of one of the five Strategic Objectives as set out in the *Council Plan 2021-2025*.

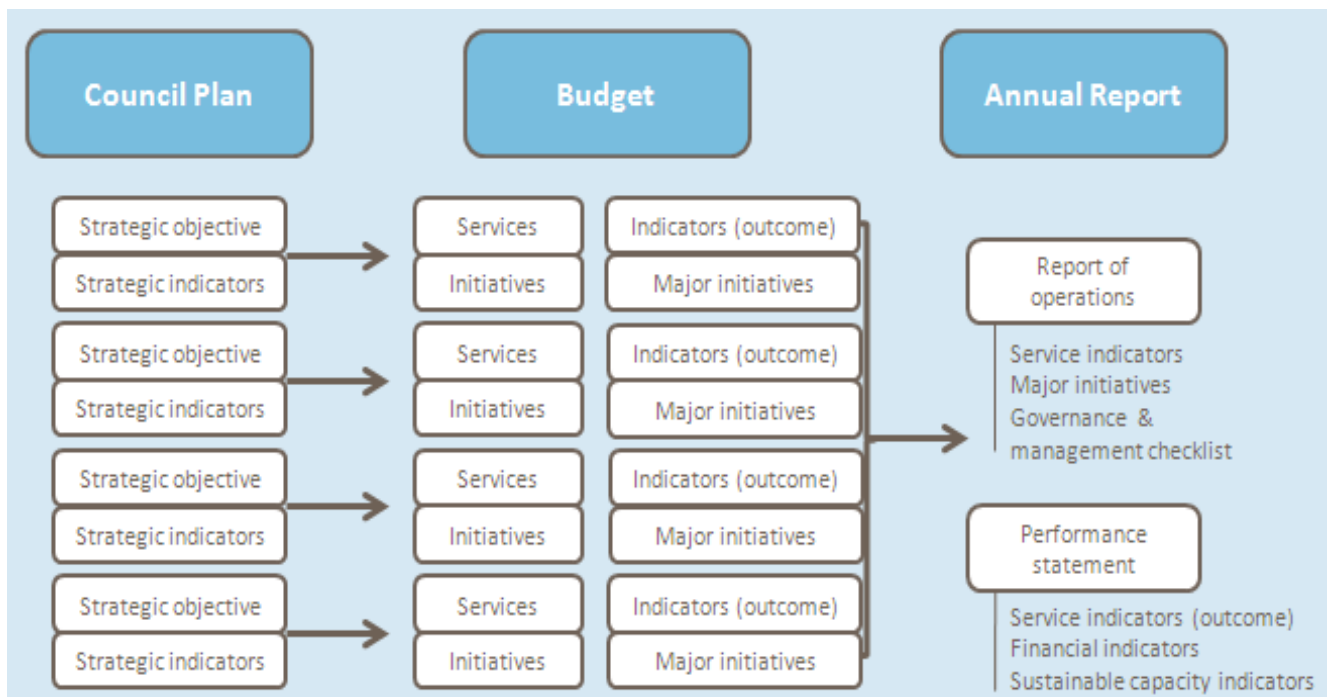

The following table lists the five Strategic Objectives as described in the Council Plan.

Strategic Objective	Description
<b>1. Community</b>	A healthy, safe and resilient community. A connected, involved and inclusive community.
<b>2. Liveability</b>	Vibrant public spaces and places. Connected and accessible roads, footpaths, transport and parking.
<b>3. Economy</b>	Thriving business and industry. Flourishing tourism. Diverse education and employment. Population growth.
<b>4. Environment</b>	Healthy and protected natural environment. High quality, efficient and sustainable waste management. Sustainable practices.
<b>5. Leadership</b>	Good governance. High performance culture. Engaged and informed community. Effective and responsive advocacy.

## 2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2024/25 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations.

The Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

## 2.1 Community

### A healthy, safe and resilient community

- Work closely with community and key stakeholders to plan for emergencies and build community resilience.
- Work with our community and key stakeholders to address some of the priorities of the *Victorian Public Health and Wellbeing Plan*: reducing harm from tobacco and e-cigarette use; improving wellbeing; increasing healthy eating; increasing active living; tackling climate change and its impact on health, preventing all forms of violence; and reducing injuries.
- Offer programs, services, activities and events that support, develop and connect community members of all abilities and lead the community in being age friendly and child and COVID safe.

### A connected, involved and inclusive community

- Support and promote opportunities for the community to participate in a range of social, recreational, and arts and cultural programs, activities and events.
- Encourage, support, value and celebrate volunteering in the community.
- Continue to respectfully engage, include, celebrate and promote Aboriginal and Torres Strait Islander culture and people.
- Promote, support and actively engage with smaller rural communities.

## Major Initiatives

1. Implement and monitor the *Benalla Rural City Municipal Health and Wellbeing Action Plan*.
2. Develop and adopt a *Benalla Rural City Council Aboriginal Reconciliation Plan*.
3. Investigate the feasibility of creating a 'Barkley Street Community Precinct' at the former Benalla P-12 College campus.

## Other Initiatives

4. Adopt and implement the Disability Action Plan.
5. Create opportunities for new culturally diverse citizens to be actively involved in Council programs and activities.
6. Develop and Implement Rural Township plans.

## Service Performance Outcome Indicators

Aquatic Facilities	Utilisation	5	5	5
Maternal Child Health	Participation	85%	80%	85%

\* Refer to table at end of section 2.2 for information on the calculation of Service Performance Outcome Indicators.

## 2.2 Liveability

### Vibrant public spaces and places

- Maintain and develop sport and recreation facilities and reserves, parks, gardens, playgrounds, and walking and cycling paths to increase passive and active community participation and social connection.
- Ensure open spaces and public places in existing and developing communities are thoughtfully planned, connected up, green, sustainable, accessible, engaging and inclusive and consider the needs of an ageing community.

### Connected and accessible roads, footpaths, transport and parking

- Deliver and maintain accessible and safe footpaths and cycle paths in existing and new neighbourhoods.
- Maintain and improve drainage, bridges, parking and road networks to meet the needs of the current and future population.

## 2.3 Economy

### Thriving business and industry

- Work together with key stakeholders to engage, support, strengthen, enhance and diversify local business.
- Attract new investment, business and industry to the Benalla Rural City to facilitate business growth and job creation.

### Flourishing tourism

- Strengthen the visitor economy through growth of events and promotion of unique assets and experiences and visitor attractions.
- Grow, enhance and promote sports, arts and culture tourism opportunities.

### Diverse education and employment

- Work with key stakeholders to improve local learning and employment pathway opportunities that address skills gaps, align with future needs and support lifelong learning.

### Population growth

- Proactively plan for new residential development to support increased population and growth.

## 4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

### 4.1 Comprehensive Income Statement

#### 4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the *Local Government Act 2020*, Council is required to have a Revenue and Rating Plan which is a four-year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2024/25 the FGRS cap has been set at 2.75 per cent. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 2.75 per cent in line with the rate cap.

This will raise total rates and charges for 2024/25 to \$23.040 million.

#### 4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2023/24 Forecast Actual \$'000	2024/25 Budget \$'000	Change \$'000	%

**4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges.**

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations.
- The variation of returned levels of value (e.g. valuation appeals).
- Changes of use of land such that rateable land becomes non-rateable land and vice versa.
- Changes of use of land such that residential land becomes business land and vice versa.

#### 4.1.1(n) Differential rates

### RESIDENTIAL (BENALLA)

#### Objective

The objective of this differential rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- construction and maintenance of infrastructure assets
- development and provision of health and community services
- provision of general administration and support services.

#### Types and Classes

Any land used primarily for residential purposes.

#### Use and Level of Differential Rate

The money raised by the differential rate will be applied to the items of expenditure described in the level of the Differential rate is the rate that the Council considers is necessary to achieve the objectives specified above, in conjunction with all the other categories of property - current Revenue Share is 45.48 per cent.

Rate in Dollar	Amount of Rates Raised	Proportion of Total Rates
0.003314	\$7,181,000	45.48%

#### Geographic Location

Situated in the Benalla Urban area.

#### Use of Land

Any residential use permitted under the *Benalla Planning Scheme*.

#### Planning Scheme Zoning

The characteristics of planning scheme zoning are applicable to the determination of land which will be subject to the rate applicable this category. The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Benalla Planning Scheme, will be LDRZ – Low Density Residential Zone, GRZ – General Residential Zone, UFZ – Urban Floodway Zone or MUZ – Mixed Use Zone. Residences established in other zones with existing non-conforming rights or planning approval are also eligible for inclusion in this category.

#### Types of Buildings

The types of buildings on the land within this differential rate are all buildings which are now constructed on the land or which are constructed prior to the expiry of the 2024/25 financial year.

## RESIDENTIAL (RURAL TOWNSHIP)

### Objective

The objective of the Residential (Rural Township) differential rate is that the reduced benefits received by the lower density properties.

### Types and Classes

Any land used primarily for residential purposes.

### Use and Level of Differential Rate

The money raised by the differential rate will be applied to the items of expenditure described in the Budget by Council. The level of the rate for land in this category is considered to provide for an appropriate contribution to Council's budgeted expenditure, having regard to the characteristics of the land.

The level of the Differential rate is the rate that the Council considers is necessary to achieve the objectives specified above, in conjunction with all the other categories of property - current Revenue Share is 1.34 per cent.

Rate in Dollar	Amount of Rates Raised	Proportion of Total Rates
0.002589	\$211,000	1.34%

### Geographic Location

Situated in a Rural Township location.

### Use of Land

Any residential use permitted under the *Benalla Planning Scheme*.

### Planning Scheme Zoning

The characteristics of planning scheme zoning are applicable to the determination of land which will be subject to the rate applicable to this category. The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Benalla Planning Scheme, will be TZ – Township Zone or LDRZ – Low Density Residential Zone. Residences established in other zones with existing non-conforming rights or planning approval are also eligible for inclusion in this category.

### Types of Buildings

The types of buildings on the land within this differential rate are all buildings which are now constructed on the land or which are constructed prior to the expiry of the 2024/25 financial year.

## BUSINESS

### Objective

The objective of the Business differential rate is to recognise the benefits derived by this class of property, including higher infrastructure investment and general support services.

### Types and Classes

## 5. Financial Performance Indicators

### 5a. Targeted performance indicators

The following table highlights Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives. The targeted performance indicators below are the prescribed financial performance indicators contained in Schedule 4 of the *Local Government (Planning and Reporting) Regulations 2020*. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.
